

# How to be a Psychic Con-Man

By Ash Pryce

Ash Pryce of the Edinburgh Skeptics Society presents a fully interactive demonstration of various tricks that psychics have used over the years.

From the Fox Sisters through to Uri Geller, psychics have been claiming to be able to do things beyond our understanding, but Ash Pryce knows better. Nearly all of the major claims of psychics and mediums can easily be re-created and tonight Ash will be reproducing such famous feats as Uri Geller's Telekinesis, Filipino Psychic Surgery, the Remote

Viewing experiments of America's "Stargate" program (The 70s CIA shenanigans and not the inter dimensional, Goa'uld busting kind) and much more - including an attempt to beat the odds of the Randi Million.

A fun, entertaining and magic filled evening that also takes a look at the history of psychic trickery and how it has become such a popular phenomenon. Warning to those on the front row - there will be blood!

**DATE:** Thursday, 19th April 2012. 8:00pm
